

A grayscale photograph of a construction worker wearing a hard hat and safety vest, working on a rebar structure. The background shows dense foliage.

Construction Management

Our Mission

Create a [safe](#), [accessible](#), [sustainable](#) transportation environment that embodies diversity, equity and inclusion for future generations

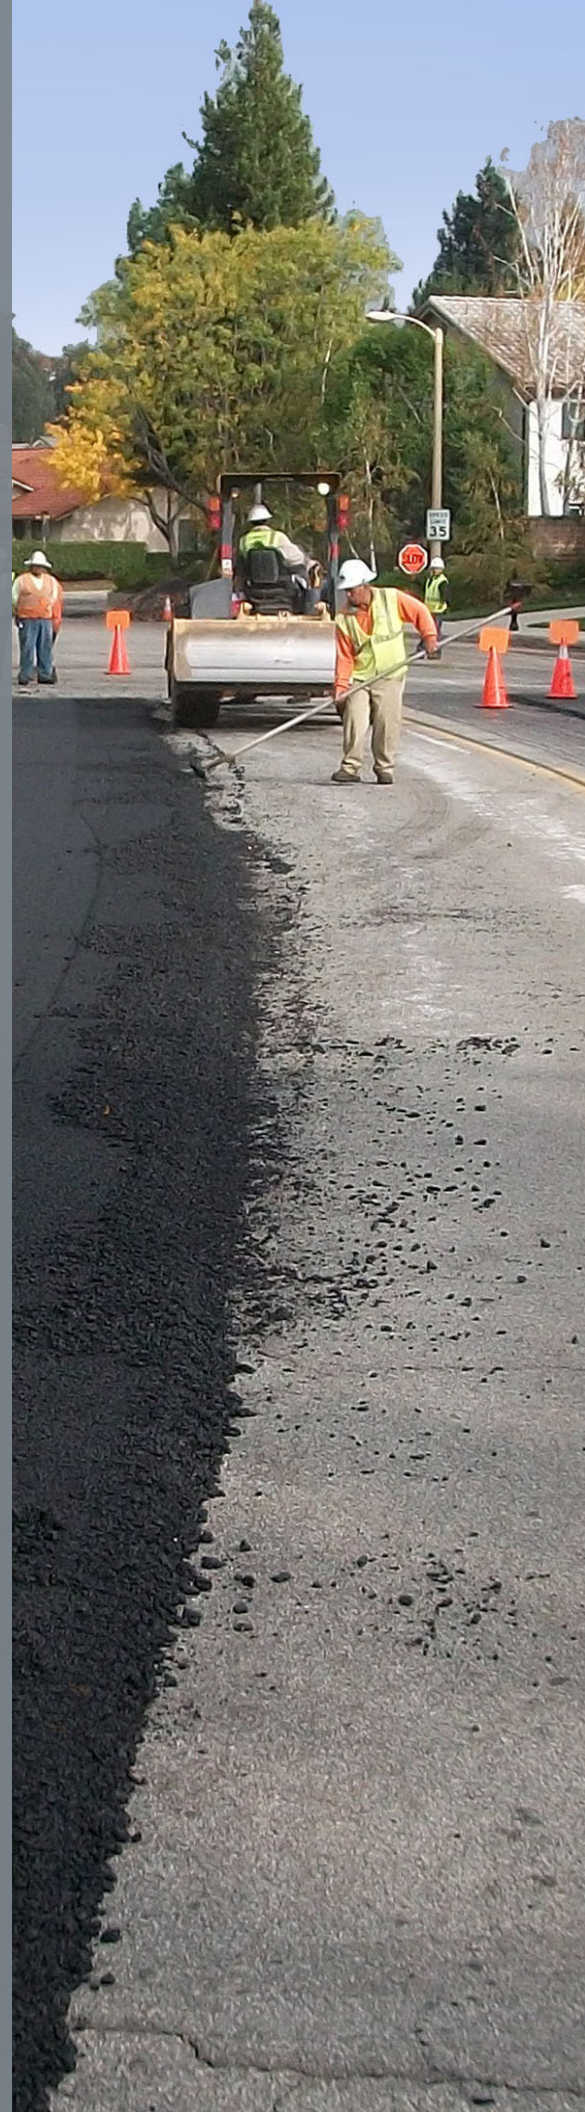

Our construction professionals apply years of experience to our federal, state, and locally funded projects, including municipal agency, utility and private construction.

We provide construction management and inspection services for bridges, highways, civil projects, roadways, traffic signals, ADA, ITS, trails, bikeways, utilities, transportation, rail, airports, vertical structures, and park projects. Our team consists of some of the most practical Construction Managers and Inspectors available. KOA provides our clients with up-to-the-minute information. We are sensitive to the unique needs of the communities we serve. Our construction inspectors bring years of accrued skills in teaming with contractors to keep projects on schedule and on budget.
